

MATTHEW BRIDGES DESIGN

PRESS RELEASE

Issued: 20 September 2012
For Immediate Release

Get smarter with your space with the ingenious Vincent/Vera chair

Got lots of friends? Lucky you. What if four of them came round for a meal? Have you enough chairs in your home so that you can all sit comfortably? Are you forced to ask, 'Bring a chair,' not just, 'Bring a bottle?'

The Vincent/Vera chair is an elegant and clever solution. Perfectly comfortable and stylish as one chair, with a simple lift you remove 'Vincent' from 'Vera' and have two comfortable and stylish chairs.

This ingenious and unique design is available in both oak and walnut, which complement the SEER table (a table that expands from seating four to seating eight people in comfort).

For more information, visit www.vincentvera.co.uk or find us on Facebook.
